Dear Families:

Strong, consistent communication is vital to providing high-quality child care and creating positive relationships between teachers, children and families. We would appreciate your feedback about communications and relationships in your child's classroom. Please place your response in boxes found at the entrance to the Sweet Building or on the 2nd floor (green door) of the Spruce Building. You may answer anonymously, but if you would like to discuss a particular concern, please include your name so that we may contact you. We would appreciate receiving responses before the Sept. 7 PIC Staff in-service day. Thanks!

Classroom: _____

- 1) Do you feel classroom teachers effectively inform you about lesson plans, classroom trips, and center-wide events? What would be helpful to make communication even better?
- 2) Do you feel that you have a positive relationship with teachers in your child's classroom? What could staff do to strengthen parent-teacher relationships?
- 3) When you express concerns to teachers, are you satisfied with the way they are addressed? If you are not satisfied, how have teachers responded?

Please be as specific as possible. This will be very helpful to us. Thanks again!
